I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: Do the above drafted changes restrict my ability to obtain the medicine my doctor has prescribed for me -- that I need? Yes. The above drafted changes restrict me!

My specialty pharmacy provides my doctor and I, services that are not available from commercial pharmaceutical manufacturers -- nor most local pharmacies. My compounded prescriptions relieve my symptoms, and makes it possible for me to live normally throughout the month.

I urge you to allow me the right to choose where and how I get the medication I need.

Please fold, seal, and mail by March 22

Sincerely,

Mrs. Michael L. Smith
